

RETAIL LOGIN REGISTRATION

- Click on the Register option available under Personal Login in our Index page

The screenshot shows the Indian Overseas Bank website. The header includes the bank's logo, name in Hindi and English, and navigation links like Home, Marketing Offers, About Us, Downloads, Contact Us, and Help and FAQ. A banner for Delhi Development Authority (DDA) is visible. On the right, there are buttons for Personal Login and Corporate Login. Under Personal Login, the 'Register' button is highlighted. A sidebar on the right contains icons for various services like IOB Pay, Bill Payments, etc. The footer lists various services and contact information.

- Enter the details as the requested :

The screenshot shows the 'Individual Registration' form. It is divided into three main sections: Account Particulars, Contact Particulars, and User Particulars. The Account Particulars section has a field for '15 Digit Account No*'. The Contact Particulars section has fields for 'Email-Id*', 'Country*' (a dropdown menu), and 'Mobile Number*'. The User Particulars section has fields for 'Login ID*', 'Password*', and 'Confirm Password*'. Below these fields is a CAPTCHA image with the text 'CYWHF P'. A note at the bottom states: 'NOTE : Registration is compatible with Internet Explorer version 10 or above and high end version of other browsers'.

➤ User needs to enter basic information including:

- **15 Digit Account No:** User to provide the 15-digit IOB account number.
- **Email-Id:** User to provide the email id as per bank records
- **Country:** User to select country from the dropdown
- **Mobile Number:** User to provide the Mobile number (without prefixing the country code) as per bank records
- **Login ID:** User to create a Login Id of his/her own choice, of 8-10 characters containing both alphabets and numbers.
- **Password:** User to create a Password of his/her own choice, of 8-15 characters containing alphabets (both uppercase and lowercase), numbers and special characters.

➤ Customer can self activate the login active by selecting Activate through debit card option.
